

Royal Albert Hall - Door 12 Refurb

London, SW7

Client: 8Build

Project Value: £288,000

Scope of Works

Electrical services installation/refurbishment to public areas

The project undertaken comprised the design, supply & installation of all electrical services required for the refurbishment of the Door 12 cafe & bar areas, door 12 WC's & door 4 first aid room. The works comprised the renewal of the lighting installation, complete with a new programmable DALI lighting control system, along with major alterations, additions & modifications to the LV distribution, sub-mains & small power installations. Winters Electrical also undertook major works in respect of data, access, CCTV & panic alarm system installations - all through the Royal Albert Hall incumbent specialist sub-contractors.
