

CTC Guys Hospital

Client: Collins Construction

Project Value: £2,227,000

Scope of Works

The project was a full fit out, of four floors of Guys Hospital for Health Care America, as a Private Patient Cancer Treatment Centre.

Winters Electrical were employed by Collins Construction, to carry out the design and installation of the electrical services, for the new HCA Private Patient Unit village in the Kings Health Partners Cancer Centre Building at Guys. The PPU will occupy the upper four floors of the building. The Unit will consist of, on the tenth floor a reception area, kitchen and pharmacy serving the whole PPU village, an oncology and chemotherapy area, Consultancy area and Diagnostic Department. The eleventh floor will have the operating Suite and ITU Department, and the top two floors will be en-suite Bedrooms.
