

NOVA Building Victoria

Client:Paragon

Project Value:

Scope of Works

High Security Electrical Fit Out.

Winters undertook a very complexed design and build electrical installation, which posed significant design and installation challenges due to IT, Data and Cyber Security issues. The build included Lighting, Lighting Control, Small Power, Essential and Non Essential Electrical Distribution, Access Control and Fire Alarm Systems. The installation also required all employees and staff employed on the project to have high level security clearance.
