

Cadogan Square

London, SW1

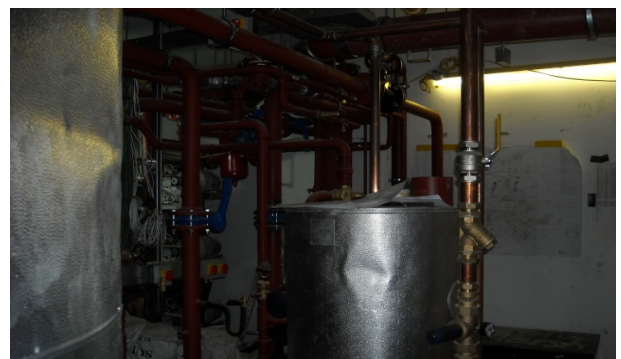

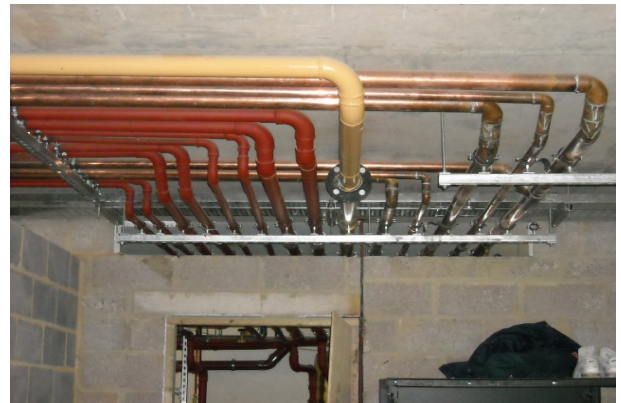

Client: Winters Former Client

Project Value: £2,032,000

Scope of Works

High class Mechanical & Electrical refurbishment of residential dwelling in central London.

Mechanical & Electrical refurbishment of high class residential dwelling, comprising the following; Mechanical Hot & cold water, Heating, Cooling, Ventilation, Controls/BMS, Drainage, Sanitaryware Electrical LV mains & switchgear, sub-mains & distribution boards, general power & lighting, lighting controls, emergency lighting, AV, telecoms, distribution & supplies to mechanical systems, UPS. As an M&E package, our Contract includes for the full co-ordination of M&E & associated systems, along with the provision of working drawings. All such works are carried out in liaison with the Client Design Team, & are subject to exacting standards. The finish of the project is to an extremely high standard, with no compromise, as much of the services installation has to be integrated with bespoke panelling & plasterwork. The planning, engineering, design development &, ultimately, installation of all works is therefore critical to the successful completion of the project. Contract ongoing, Photographs will follow on completion of contract works.
