

93 Harley Street

London, W1

Client: Collins Construction

Project Value: £223,000

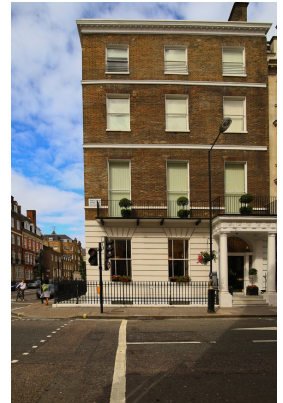

Scope of Works

Conversion to Medical Facility

The works comprised the refurbishment & conversion of an existing five storey Georgian Town House into a medical clinical trials facility. Work was being undertaken in various areas, including X Ray, Dispensary, Blood Testing, Laboratories, Treatment Rooms, Consulting Suites and General Offices.

The works include: Electrical Main Distribution, General Power and lighting, Emergency Lighting Installation, also Fire Alarm, Security Alarm, CCTV, Access Control, Intercom and Nurse Call Systems.

This is the third contract that we have carried out for this Client in Harley Street, the latest being secured through a negotiated tender, based upon the high levels of service provided on the foregoing two projects.
